Handy broke Grey QH mare confident trail horse**\$ 4,500**

Description

Minute is a 12 year old, Grey, GRADE Quarter Horse mare standing 14 hands. This is a super fun little mare to ride. She is handy broke with an excellent neck rein and the cutest jog and lope you could want. She picks up her correct leads to lope nice circles with a good stop and back. Minute would make a cool little gaming horse and is great out on the trails. She will ride out alone with no hesitation and has crossed everything we have asked like a champ. She will go right through water and mud, doesn't mind traffic, dogs etc. Minute has great ground manners, stands to be groomed, tacked and to be mounted. We will consider partial trades. We show by appointment only. Please contact Us to schedule an appointment or for more information that is not in the ad/questions.
